

CLASSIFIED ADVERTISING W/E 18TH AUGUST 2017

ASSOCIATE TO JOIN OUR TEAM IN NORTH WEST WILTSHIRE

CHIPPENHAM CHIROPRACTIC CLINIC

We seek a confident, motivated chiropractor to take over an established patient base now that our team member, Kate, has left us after 7 years.

The successful applicant must have good communication skills, reflecting a caring, empathetic personality, and be competent in a range of diversified techniques, to include a basic knowledge of soft tissue, blocks and activator applications. Dry needling and taping will be an advantage.

Michael Copland-Griffiths will work with you on a one-to-one basis at least once a week to start with, reviewing patient management skills, addressing any concerns you may have and learning from you. It's a two-way relationship, with your knowledge and his 40 years' experience generating a positive, dynamic input to the practice. He is a Royal College of Chiropractors Trainer and will be willing to take you through the PRT programme if needed.

Every quarter the key members of our team join a day-long workshop when our ChiroClub mentors visit us to review and plan ongoing marketing, business management and forward-planning targets. It's an opportunity to re-vitalise our team, with ChiroClub challenging our perceptions, helping us to re-centre our objectives and motivating us to do better.

You will start working on Mondays, Thursdays and Saturday mornings. You will be involved in expanding the practice and with various marketing exercises to accelerate growth. The goal is to aim towards more hours, possibly to a full-time position if that suits you. Ultimately the right Associate will have the opportunity to take over the Chippenham practice as owner. There is also an opportunity to work Tuesday and Friday afternoons at our Semington (Trowbridge) practice should you be seeking more hours.

ASSOCIATE CAMDEN TOWN, LONDON

A unique opportunity in vibrant Camden Town, North London to commence ASAP.

Taking over a good sized patient base 50 + treatments a week over 4 days to as the current associate is moving on.

Are you motivated, independent and confident? Do you think you can take a busy position and make it thrive? All support, marketing, and business admin is taken care of leaving you to treat, build relationships and expand the practice. The role is for a sole practitioner working in a busy gym, treating, keeping patient records and taking payments.

This is a great experience for someone wanting their own practice in the future. Phone calls are answered leaving you the freedom to practice and grow how you chose. Remuneration is great (50-60%) and location is excellent with central London 10 minutes away.

The existing Chiropractor will ensure a smooth changeover including period of shadowing. Ideally for a Chiropractor with experience or who is confident to practice as a sole practitioner.

Please contact Alex on 01483 808 868 or alex@spinecentreguildford.co.uk.
