ASSOCIATE CHIROPRACTOR REQUIRED IN SEASIDE WHITSTABLE, KENT

We are currently looking for an Associate Chiropractor to join our expanding team at Evolution Health – Whitstable Chiropractic Clinic. Established for over 37 years, we have a strong reputation within our coastal community and the surrounding towns lending to a predominantly referral-based practice. Our friendly practice and our holistic approach to each individual's health care relates to a high number of new and maintenance patients.

This Associate position would suit either a recent Graduate or an experienced Chiropractor who is willing to build with new patients and maintain a patient base, while accepting the overflow from the established two full time clinic Chiropractors, and over the next two years absorbing treatment days from one of the practice Chiropractors who wishes to decrease their clinic time. A sole contractor, you would be working within our regular clinic days. Start date is flexible. Remuneration is negotiable but will be based on a basic retainer for the first few months to guarantee a minimum income and with a competitive rate of commission. Mentorship in areas of practice and patient management will be available as required.

Evolution Health is a relaxed and patient centred clinic offering primarily Diversified and Sacro-Occipital Techniques (SOT not initially necessary but willing to take seminars). Other Chiropractic techniques are encouraged and of course, acceptable for patient treatment.

With excellent interaction within the town and local sports groups, we treat a wide variety of patients throughout all age groups. Evolution Health is a multi-disciplined clinic offering a range of therapies from Physiotherapy, counselling, Homeopathy and Hypnotherapy to Sports Massage, Chiropody/Podiatry and Bowen Technique.

Evolution Health – Whitstable Chiropractic Clinic is located in a newly refurbished Grade II listed building. Whitstable is a well populated coastal town in the south east of England just 6 miles northeast of Canterbury, with a friendly community and high speed train connections to London.

For the submission of applications or questions, please email enquiry@evolutionhealth.co.uk

CHIROPRACTORS WANTED FOR CENTRAL LONDON CLINIC

This is a rare exciting opportunity to work in a prime central London location.

We are recruiting for self-employed Chiropractors with a minimum 2 years-experience to join our London practice in a friendly and welcoming environment. The position is suitable for a chiropractor wanting to grow their existing practice in the cities most populated CBD area. Applicants must be registered with all major insurance companies.

Experience working within London with a good network of local contacts is preferable but not essential. Applicants must be registered in England with the GCC and able to work unsupervised.

This post would be suitable for a vibrant, personable and caring MSK practitioner looking to grow in a great multidisciplinary team environment.

Please email CV's and queries to mary@lhclinic.co.uk

ASSOCIATE CHIROPRACTOR WANTED IN ST MARGARET'S, TWICKENHAM

Exciting opportunity for a patient-focused, self-motivated female Chiropractor to join our established and expanding clinic. Strong diversified adjusting skills required with an interest in patient education through rehab/lifestyle. We have a thriving patient base and will ensure that you have the opportunity to build yours with our investments into marketing, up-to-date clinic facilities and computerised notes and exercise programmes. Ability to take on insurance patients and an interest in pregnancy and paediatrics is not essential but would complement current set-up and enable you to take over a patient base. Payment is by percentage and is negotiable dependant on experience.

The clinic is located in the centre of St Margaret's, a great location near Richmond Upon Thames and a short train ride to central London. Our thriving clinic and close team of therapists will support you in building a healthy patient base. We have an incredibly active and sporty local community who need our help!

We look forward to showing you around.

CHIROPRACTOR WANTED JOIN OUR TEAM.

The opportunity has arisen for a chiropractor to join our busy, centrally located, multidisciplinary practice in Woking. We have been established over 40 years and have an excellent local reputation. The clinic is well organised to provide you with all the support you need in your day to day practice allowing you to concentrate on your patients. You will be working as part of a multidisciplinary team and there is plenty of opportunity for collaboration. Woking is expanding rapidly with large infrastructure projects and there is a current influx of new businesses and residential development. There are many opportunities to grow and develop a large and sustainable practice whilst maintaining a work life balance.

This is a part time opportunity and we have some flexibility with regard to hours to allow the right candidate the ability to build a practice alongside existing commitments. You will be taking over from one of our chiropractors and benefiting from a good new and existing patient flow.

EXPERIENCED CHIROPRACTOR WANTED FOR SW4 CLINIC

Nordic Balance is a multi-site health and fitness company, and we are looking for an experienced Podiatrist to join our team, to be based at our clinic on Abbeville Road (SW4). At this clinic we combine a range of therapies including physiotherapy, osteopathy, chiropractic, podiatry, dry-needling, shockwave therapy, women's health physiotherapy and nutrition.

We have an existing Chiropractor but based on his limited availability and the demand, we are on the lookout for another Chiropractor to help deal with the excess demand.

As such, we are looking for an experienced Chiropractor to join our team, with some availability through the week and ideally a Saturday too. You would need to have at least 5 years of post-qualification experience and registered and able to work with all UK health insurance companies. Preferably you should also have experience working with a multi-disciplinary team, although this isn't mandatory. You should be registered with the General Chiropractic Council, have insurance which covers your practice and ideally up-to-date first aid.

We pay up to 55% of total income received and deal with generating new clients, liaison with health insurance for payment and management of the facilities and supplies.

If you're interested, please send through an up-to-date CV and cover letter to Pierre on jobs@nordicbalance.co.uk For more information, visit www.nordicbalance.co.uk

COURSES/SEMINARS

FUNCTIONAL NEUROLOGY SEMINARS, 2020. DISCOUNT ON PLACES BOOKED BY JANUARY 31ST

Neuroseminars are pleased to announce our schedule of cpd-accredited seminars for 2020.

Specifically designed for practitioners of manual therapy, the emphasis is on clinical applications and helping you integrate new skills and knowledge into everyday practice.

No prior knowledge of functional neurology is needed; the majority of practitioners who attend our seminars find we refresh and greatly expand upon their undergraduate neurology and neuroanatomy.

Below is a brief summary of how these seminars will benefit your practice and your patients;

* Neurological imbalances can cause and perpetuate common musculoskeletal complaints. Understanding how to assess and treat the underlying cause improves patient outcome and reduces the chance of relapse.

* Functional neurology will help you better understand, and more specifically treat, neurological conditions frequently seen in clinical practice, e.g. vertigo, dizziness, headaches, migraines, whiplash and mild traumatic brain injury.

* Muscle imbalances, spinal instability, altered spinal curves and persistent head tilts/ head rotations can be caused by cerebellar or other functional brain imbalances; we will show you how to deal with, and correct these issues.

* We'll demonstrate novel treatment interventions to address brain imbalances, including fast-stretching, vestibular stimulation and cerebellar rehabilitation. Various physical and mental exercises designed to activate different regions of the brain will also be explained and demonstrated.

* Discover why undesirable side effects of treatment, such as excessive soreness, headaches, nausea or light-headedness can occur, and how to avoid them.

All seminar locations have easy transport links and easy parking.

Seminar notes are included and sent in advance for those wanting to pre-read.

Discounted rates for students and new graduates.

Discount on multiple seminar bookings.

Additional early booking discount on places booked before January 31st.

For full details of upcoming seminars, locations and dates, please visit us at www.neuroseminars.co.uk
