CLINICS or ROOMS WANTED, FOR SALE or RENT

HOME PRACTICE FOR SALE WITH RENTAL ACCOMMODATION IF NEEDED, NORTH EAST HAMPSHIRE

Having built up a practice from home since 2011 we are relocating due to family bereavement. We are a husband and wife team but this would also suit solo with family. We are located in a quiet village just minutes from Basingstoke conurbation. The clinic operates from a beautiful large sunny room with a separate waiting room (not in use currently due to COVID). These rooms plus WC can be isolated from the rest of the two reception four-bedroom house and with large parking area the practice lends itself to Covid protocols with ease. Pre-Covid turnover last financial year of £132k and currently operating at £6500 pcm (June) with limited opening hours. Very low overheads !

This would make an easy transition for the right DC, ideally with knowledge of SOT and/or cranial work. Terms negotiable but we are primarily keen to provide ongoing care for our lovely patients whilst making a clean break from the area. We are also open to a straight sale of the goodwill if the house is of no interest. Contact in the first instance is MyBodyMagicHealthcare@gmail.com

EXCEPTIONAL OPPORTUNITY FOR THE RIGHT CHIROPRACTOR.

This is a 5 - year old practice with a friendly and loyal patient base in a beautiful village/ small town 5 min from the sea near Christchurch. All equipment is included in the sale, the rent is low and the lease is ongoing until May 2020 and then renewable. The clinic is about to reopen after lockdown, so all my patients are going to need assessment and treatment. My clinic has an excellent reputation and online presence and would not be a financial risk. Sale of my clinic is very sadly due to a chronic injury. The clinic would very easily be affordable and excellent value as an investment in your future. Please only contact me if genuine.
