ASSOCIATE REQUIRED FOR BUSY CENTRAL LONDON CLINIC

Friendly, motivated associate who has the ability to communicate and connect with patients required. We're currently at capacity, have a very large number of new patients entering the clinic and a great existing patient base.

We've worked in practices where the promise didn't quite live up to the reality, we're not about the hard sell, never work with Groupon (or similar) and we don't stand in shopping centres doing spinal screenings.

What we do offer is quality treatment to a rightfully demanding patient base.

We have a great reputation and referral network as well as the most 5-star Google reviews in the UK.

Experience essential.

Please send CV and covering letter.

CHIROPRACTOR WANTED IN SOMERSET

We are looking for a Chiropractor to join our MSK team at our clinic in Somerset's County town of Taunton. We have been turning new patients away for the last year due to our existing waiting list and have been reluctant to take on new staff due to the uncertainties associated with Covid. However, we are now more than ready to offer a new position and are offering a flexible role, from full time and employed to part time and self-employed, depending on your circumstances.

If you are a people-person with an evidence-informed approach using a range of skills, then this position may appeal to you. We have a reputation as a friendly clinic and appear to have a much younger patient base than most practices.

The Clinic has averaged more than 40 new patients per month during the Covid lockdowns. We are position 1, page 1 on Google searches. You will soon be seeing as many patients as you would like to and often, more! Options to buy into the practice are also available.

Your GCC and BMAS registration fees will be paid by us. Regular mentoring and coaching for recent graduates with our clinic principal.
