CLINIC FOR SALE

We have a simple setup – Low overheads, High profits, no staff or building responsibilities. Just two really good-sized rooms on a 5-year rolling lease within a Dental surgery.

It is located on the first floor with fantastic views over the Rye in central High Wycombe [A40 Beaconsfield side of town center].

The Dental clinic helps manning the phone, booking patients, keeping the common waiting-room and taking deliveries during their working hours for a nominal fee. It is like having staff but without the responsibility!

Our TM3 software is shared with the reception.

The clinic has an Intercom system and CCTV in place controlled by the dentist.

Our two rooms are not fully utilized out of personal choice, so great scope to expand on current usage/turnover.

The Clinic would suit a couple or friends with a relaxed attitude to clinic life, to work side by side or to cover each other as we have, which has enabled us to take 6 weeks+ holidays each a year.

With 30 Years at the same location, we are seeing high levels of returning patients after 10+ years, who were surprised we are still working and were expecting to see a new chiropractor.

We have kept a low profile with hardly any marketing, relying mainly on Word-of-mouth.

Our clinic is Evidence based in the main – with Diversified, Activator, Dry-needling, some SOT and strong interest in rehab/nutrition.

Our price will be based on Clinic turnover but is negotiable for the right Chiropractor(s).

This years turnover was £130K

The Clinic expenditure is rarely above £24K/year through our 30 years of trading.

Currently 10 Patients/week pays all clinic expenditures; another 3/week pays for all professional fees.

The clinic setup does not suit Investors.

Please contact gitte.mikkelsen@btconnect.com
